Date of this application: 11 September 2014

Do you currently have accident coverage?  Yes  No  
(If yes, please attach a copy of the policy schedule page or effective dates)

What are some examples of your main chapter activities during the year besides regular chapter meetings?  
Stream restoration work on Chapel Run and Redbud Run, Fly-fishing, fly-tying, and fly-casting clinics, Trout-in-the Classroom and Brookie releases, Science Days with local schools, Project Healing Waters, Fishing outings with members and guests, Aluminum can collection, etc.

Can you give a rough estimate of the number of participants in those activities mentioned above based on past experience? Participation varies widely from 1 guest at a fishing event to well over 100 at some Trout in the Classroom and Science Day events.

Are any of the activities of your chapter longer than seven (Consecutive) days? If so, please describe: Trout in the Classroom runs during the entire school year, although TU members are not involved directly on a day-to-day basis. Our stream restoration activities are years-long projects, but generally only one day at a time. We have one fishing outing scheduled for November 2014 for adults that will last seven days.

Do you have any participants in the above mentioned activities that are under the age of 18 years old? If so how many and what activities? All of our Trout in the Classroom activities that involve students have children under the age of 18. Some of our casting clinics have children under the age of 18. Our Science Day activities have students under the age of 18. In these activities teachers provide supervision and or parents provide supervision.
